Georgia Municipal Employees Benefit System

RETIREE ONLY PPO 90/80 - $300 Deductible Plan Rx Option 1

Schedule of Benefits — Effective January 1, 2016

All benefits are subject to the calendar year deductible, except those with in-network copayments, unless otherwise noted.
In addition to deductibles, members are responsible for copayments and any applicable coinsurance.
Members are also responsible for all costs over the plan maximums, where applicable.

Some services may require pre-certification before services are covered by the Plan. Please see the Retiree Only Health Plan Benefits Booklet under Getting Approval for Benefits for additional information. Primary Care Physician (PCP) selection is encouraged, but not required. No referrals are required.

When using out-of-network providers, members may be responsible for any difference between the Maximum Allowed Amount (see Benefits Booklet), or the negotiated drug cost, and actual charges, as well as any copayments, deductibles and/or applicable coinsurance.

The following do not apply to the Out-of-Pocket Maximums: Premiums, any amount above the Maximum Allowed Amount (see Retiree Only Health Plan Benefits Booklet for definition), and charges for health care this Plan doesn't cover.
