## **EECBG PROGRAM ALERT!**

June 12, 2009

The Department of Energy is pleased to announce the latest sessions of the Energy Efficiency and Conservation Block Grant (EECBG) Program webcast series. The series covers a range of topics for states, cities, counties, and tribes as they move through each stage of the program – from preparing the application and strategy to implementation to reporting and evaluation. The series continues with the following webcasts NEXT WEEK:

### **ALL RECIPIENTS**

#### **Innovative Energy Efficiency Financing Approaches**

Monday June 15<sup>th</sup>, 2:00 – 3:45pm

*Come hear experts discuss new ways to help get more bang for your buck through the use of municipal energy financing and energy saving performance contracting.*

#### **EECBG Grant Application Process**

Wednesday June 17<sup>th</sup>, 3:00 – 4:00pm ET

Wednesday June 24<sup>th</sup>, 3:00 – 4:00pm ET

*Learn more about the steps you'll need to take to submit a complete application, and have your specific questions answered.*

#### **EECBG Expected Benefits Calculator Overview**

Thursday June 18<sup>th</sup>, 3:00 – 4:00pm ET

*Applicants are required to estimate the numbers of jobs created, the energy saved, and other benefits for each Project Activity Sheet submitted with their application. DOE has developed an EECBG Estimated Expected Benefits Calculator to assist grant applicants in preparing these estimations if they have not developed their own methodology. This how-to session will give applicants the information they need to prepare submissions using the calculator.*

For the most up to date information regarding these events and to register for our webinar series, please visit the newly revised and expanded EECBG website at <http://www.eecbg.energy.gov>. The updated website features our online *Solution Center* that houses best practices and information resources for each eligible activity under the program.
