Section 1. Section 1

The name of the person making the request, e.g. the Mayor, Board of Supervisors, Director, President, etc. For example: City of Cityville Mayor McMayorson.

3. Priority Number Required. Multiple requests from the same entity must be ranked in priority order across ALL appropriations bills. *

For example, we need to know what the number one Cityville priority project is in FY22, not the number one request out of just your Agriculture requests or Transportation requests. If you have five requests, #1 would be your top request and #5 would be your lowest priority request.

No decimals or symbols.

6. Project justification *

(4 sentence, 150 word limit) A synopsis of the “Description” in order for the Senator to quickly understand the project – be concise but provide an adequate explanation. Summarize the necessary information about the project to make its case.

7. Description of the project *

Provide a detailed description of the project, its history, impact, etc. Helpful questions to consider are: How is this project important to Georgia or the local community? Why does it deserve federal funding? Who does it serve? How many people does it serve? What is the minimum level of federal funding to move it forward?

You may include additional materials (photos, charts, maps, etc.) that help to justify the project.

Additional Information for Transportation Requests:

Has the project previously received any federal, state, or private funding, including federal discretionary grants or State federal-aid highway or transit formula apportionment funding? If yes, how much, from what source, and when?

Has USDOT confirmed that this project is eligible for funds under the requested account?

Note other federal funds committed to this project (such as past appropriations bills)

Note the amount of anticipated non-federal match (percent or dollar amount)

Identify why the funding could not be obligated in full on the date of enactment

Identify if the project is included in the state, regional, county, or metropolitan transportation improvement program

8. Project Support

All letters of support/evidence of need must be included **electronically** with the request submission. Due to the delay of Senate mail, letters sent to the office may arrive after the Senator has determined which projects to put forward to the Appropriations Committee.

Support examples:

- Letters of support from elected community leaders (e.g. mayors or other officials);
- Press articles highlighting the need for the requested Congressionally Directed Spending;
- Support from newspaper editorial boards;
- Projects listed on State intended use plans, community development plans, or other publicly available planning documents; or
- Resolutions passed by city councils or board

If your letter/map/other supporting documents do not fit on the online form, please send additional documents to appropriations@warnock.senate.gov.

Due to the high volume of requests, please do your best to include all supporting documents for the same requestor (such as City of Cityville) on the same email.
